

Cruise Till Ya Lose

Rules & Regulations

- 1) **Intermodal & Produce Divisions:** Each week of the NFL schedule, you must pick one team to win. NO SPREAD, just win (unlikely to happen, but a tie is not a win). If your team wins, you will continue to the next week. Last team left standing... wins. **Upon using a team, you may not use them again. For example if you pick Buffalo in week 1, then you may not use them again in week 3, or any other week.**
- 2) **Suicide Division:** Each week of the NFL schedule, you will pick one team to cover the spread. Spreads will be posted at http://www.footballlocks.com/nfl_point_spreads.shtml which may be substituted and all participants will be notified of suitable webpage. If your team wins, you will continue to the next week. **Note: You are allowed to use the same team as often as you like. This is NOT the case with Intermodal & Produce divisions.**
- 3) If every team was to “die” on the same weekend, then only those who were alive the previous week, will be allowed to continue. There are no re-buy ins.
- 4) The last team standing in each division will be declared the winner and will receive the Prize. If multiple participants make it to the end of the season, they will split the Prize and will be deemed cheaters. All taxes associated with the receipt of any prize are the sole responsibility of the winner(s).
- 5) All entries for the week must be submitted by Thursday 6:00pm EST. If you choose a Thursday game then your pick must be submitted by Wednesday 6:00pm EST. If no selection is made then the LOWEST POINT-SPREAD HOME FAVOURITE that is an eligible selection will be given to you.
- 6) The Season starts on Thursday, September 8th 2011. If you are choosing this game, your pick must be submitted and confirmed by Wednesday, see rule 5.

- 7) **CONTACT INFO:** Under NO circumstances are you to contact the ADMINISTRATOR by telephone. All communication is to be done via e-mail.
- 8) All divisions and selections can be viewed online at <http://cruisetillyoulose.com/index.php>
- 9) **HOW TO MAKE YOUR SELECTIONS:**

In the past we have done all selections and confirmations via emails back and forth between myself and ALL participants. As you can imagine, this became quite a task as the entrants increased. So now we have graduated into the 21st Century. Please read and contact me with any questions regarding this procedure.

 - a) Upon receipt of participation from the ADMINISTRATOR all of your teams will be entered into the Pool's database and an email will be sent to the address received from the ADMINISTRATOR. This email will ask for the following information to be included into the database.
 - i) **UserName:** You can provide any username that you want.
 - ii) **Password:** Again this is anything that you want and combined with your username will grant you access into the protected area of the website.
 - iii) **Emails:** Email addresses of ALL co-owners of your teams – this will provide them with emails regarding selections and reminders that will be sent.
 - b) After this information has been entered into the database then you will again be sent an email informing you that all is ready for you to enter the protected side of the web site.
 - c) You will see a “Make Picks” box link located under the “Home” box link located in the upper left hand corner of all pages. Clicking on this link will take you to the login screen. Provide the correct UserName and Password and you be given access to YOUR page.
 - d) Your page will show a grid of all of YOUR teams that are registered to you. This is the page that you enter all of your selections from. From the drop-down menus located between YOUR teams and all the NFL teams you will first choose which week that you want to make a selection for. This can be for the current week or ANY week in the future. The screen will refresh at this point, you will then select which of your teams from the drop down menu that the selection will be for and then choose which team you believe will win or cover the spread depending upon which division the team is in. The NFL team's logo that you have chosen will now appear under the week chosen for the corresponding team that you own.

- e) If a row has been greyed out then this will signify that the team has been eliminated from the pool and no further actions on this team can be made.
- f) By using the “Clear Selection” option instead of an NFL team then this will erase the NFL choice in the given week for the corresponding team.
- g) After any selection has been made or changed or cleared an email to all co-owners indicated earlier will be sent informing of this action.
- h) Nobody will be able to see which team you have chosen for any weeks in the future until the deadline has passed. Instead of an NFL team’s logo in the main division pages you will see an NFL logo, this will signify that a selection has been made but will not be revealed until after the deadline for that game has passed.
- i) Reminder emails will be sent out to all co-owners of teams that have NOT made a selection for the upcoming week on Wednesdays at 6:00 PM EST stating that they have 24 hours until the deadline, and another will be sent to those that have NOT made a selection on Thursdays at 12:00 PM EST (Noon) stating that they have 6 hours to go.
- j) At the bottom of every page there is a link to email me at help@cruisetillyoulose.com so if you encounter ANY problems – DO NOT hesitate to get a hold of me so that your situation can be rectified IMMEDIATELY.
- k) GOOD LUCK !!
